How did you hear of HNS?

Hanover Nursery School is a non-profit organization. All applications are accepted without regard to race, color, religion, sex or national origin. It is the policy of Hanover Nursery School that the child enrolling for the three or four-year-old class is 3 or 4 years of age, respectively, by September 30th and fully toilet trained by the start of school.

A non-refundable application fee of \$50.00 must accompany this application. Once an applicant is accepted for admission, a signed Enrollment Agreement and non-refundable \$450.00 deposit (which will be put toward your final tuition payment of the academic year, December 1<sup>st</sup> for most) are required to confirm his/her enrollment at Hanover Nursery School. This is a financial commitment. A child is considered enrolled once they have completed the Enrollment Agreement and submitted the \$450.00 deposit. If a child withdraws from the program after submitting the \$450 deposit, the parent/guardian forfeits the \$450.00 deposit. The parent/guardian is responsible for the full year's tuition once his/her child is enrolled. This commitment for a full year's tuition, minus the \$450.00 non-refundable deposit, is void only if the Director and Board of Directors of Hanover Nursery School recommend a different placement, or if the class is full and the opening created by the child's withdrawal can be filled by a child from the waiting list or a new applicant. The remaining tuition will be due in two installments, June 1, 2022 and December 1, 2022. Financial assistance may be available for qualified families. As there is usually a very limited amount in the financial assistance fund, families are encouraged to carefully consider their circumstances before applying; however, some assistance is generally available. If you have any concerns that the amount due may be a financial burden to your family, please inquire about our financial aid assistance by checking the box below:

\_\_\_\_\_ I am interested in financial assistance. I understand that more financial information will be required (including tax forms) in order to determine need. I understand that this information will be kept confidential.
